With my gratitude to the doctors, nurses, volunteers, Nancy Lubas and Margarita Battle, who have produced constructive and valuable ideas; to Marty Roberts, of Linguistic Systems, Inc.; for his unfailing encouragement and assistance; and to his staff; to the members of the Ladies' Visiting Committee for their continuous interest, support, and encouragement; to Patricia Rowell and Dotty Martin, always there for every need; and above all, heartfelt thanks to a most thoughtful and generous benefactor, from The Island Trust at New York Community Trust, without whom these books would not exist.

前言

本手冊特別為像您這樣的不會說英語的病人編寫,以便 使您能與醫院的人員交談溝通。您只需指點用大號字印刷的詞語 或句子,用紅色或黑色油墨印刷的翻譯就直接在其上方或下方。 這樣您就不必讀出生僻的外國詞語的音,從而消除了錯誤理解您的 意思的危險。

在麻省總醫院使用多年以後,我們發現最有效的辦法是 將這種手冊發給病人自己保管,這樣凡有需要就可取出使用。 護士與醫師在病人診療室裡也備有一本,以便及時與病人進行 精確無誤的溝通。除病人以外,任何人不得將此手冊 從診療室拿走。

這種辦法可以在翻譯人員尚未到達之前幫助解決一些急需 處理的問題,但遇到較為復雜的病情時,則不能依賴這種辦法。 這種辦法對醫療人員有很大幫助,而且有助於盡量消除病人來到 一座陌生的醫院就診時所產生的緊張與不安全感,同時也是 病人學習英語的好機會。

這種辦法對我們很有幫助,我們希望它對您病人、您的家屬 以及醫院人員也有幫助。

Introduction

This book was written primarily for you, the non-English speaking patient, to enable you to communicate with hospital staff. You have only to point to the appropriate word or sentence, printed in large type, and the translation will be directly above or below in either red or black type, as the case may be. It also eliminates the necessity for pronouncing unfamiliar foreign words and the risk and danger of wrong interpretations.

After many years of use in the Mass. General Hospital we have found that the most efficient way of using this is to GIVE the book to the patient to KEEP so that it will always be available when needed. The nurse or doctor will have it there, in the patient's room, for instant and accurate communication. It may NOT be taken from the room except by the patient.

This method easily takes care of immediate needs, from admission to discharge, until an interpreter comes. It is not intended to be relied upon for complicated medical situations. It is a great help to Staff and a security blanket for the patient, eliminating as far as possible, the fright and insecurity of being in a strange hospital. It is also a good way to learn English!

This has worked for us and we certainly hope that it will work for you the patient, your family, and Hospital Staff.
