Spero G. Karas, MD is the Director of the Orthopaedic Sports Medicine Fellowship Program and an Associate Professor of Orthopaedic Surgery at Emory University in Atlanta, GA. Dr. Karas is an internationally recognized expert in sports medicine, surgery of the shoulder and knee, and arthroscopic surgery. He has been recognized as one of America's "Top Orthopaedic Doctors" in Men's Health Magazine and "Top Sports Medicine Specialists for Women" in Women's Health Magazine. Atlanta Magazine has named him "Atlanta's Most Trusted Sports Medicine Specialist" and he has been listed in Atlanta Magazine's "Top Doctors" annually since 2007. Most Recently, Atlantian Magazine has also included him in their "Top Doctors" issue.

Dr. Karas has authored over 200 manuscripts, presentations, and instructional videos and has presented his research at numerous institutions both internationally and throughout the United States. His work has been featured in NBC television, Men's Health Magazine, Ski Magazine, and numerous internet health services. He works closely with industries in the design of orthopaedic devices and teaches physicians throughout the world in their use.

Dr. Karas came to Emory in 2005, after serving as Chief of the Shoulder Service and team physician at the University of North Carolina in Chapel Hill. He has served as team physician for the Atlanta Falcons, Atlanta Braves, Georgia Tech Baseball and numerous local high schools, as well as a consulting team physician for Emory University and Georgia Tech athletics. He cares for patients and athletes of all levels: professional, collegiate, scholastic, and recreational.
